real world, he connects what we do in class to everyday business stories. Having quizzes every class really forced me to get familiar with the subject material. Great enthusiasm about teaching the course. If the note packets that were given to us were very helpful in understanding the material and the content of the chapters. Having a blank and an answer key to the notes, quizzes, and study guides posted on blackboard really helped when it came to extra practice of the things we went over in class. Please comment on specific aspects of the course that need improvement: Extremely fast paced. Didn't always feel like I had enough time for class. Please cut down the length of time used to introduce every class. Would be more beneficial if went straight to the material since it is so expansive. Some of the classes felt extremely rushed, but I know that there is a lot of material to cover in short amount of time. Talking about current events at the start of class. Although, it is good to know current events I felt like we spend too much time talking about them which cut into the time we had to go over the course material for the day. I think it would be more beneficial to cut the time we talk about current out at into under the course material for the day.
